

Under the Giant's Head

According to Mr. Jim Moore, the government camping site north of town is averaging about four campers a night at this early date. The camp is all prepared for a land office business, each summer seeing more and more tourists taking advantage of the excellent facilities. 135 units are now available with the overflow units to be used only when the other camp is full.

Now that the fire season is upon us we can expect to see a red shirted Junior Forest Warden on patrol. Currently some 5,500 youngsters, age 10 to 16, are receiving instruction in courses designed to instill a fuller appreciation of our personal liability for protection and wise use of all forest and wildlife resources. Dale Jenner of West Summerland has recently been appointed to the Lone Patrol.

A little more sunshine this past week with the Research Station reporting 44.4 hours of sunshine and only .16 inches of rain.

Mr. Magnus Tait brought into the Review office this week a booklet published in 1911, entitled "Opportunities in B.C." The book was printed with the compliments of G. A. McWilliams and is made up of extracts from Heaton's Annual, a publication from Toronto, which advertised Canada as a whole.

An interesting point is the estimated cost of an apple orchard. We quote: "In the case of unirrigated land the cost would be approximately 20 acres at \$200 per acre, fencing \$250, preparing land (ploughing and harrowing) \$150, trees, yearlings, 80 per acre at 15c each, setting out trees, 1,600 at 8c ea., making a total cost of \$4,768. Cost of maintenance for five years is \$30 per acre per year, making the total cost of the orchard at the end of the fifth year when it should give commercial returns \$7,768.00.

The section on Summerland says that apples grown in this area were taking first prizes even then. "Apples have won highest awards in Great Britain against all colonies for four successive years."

There were 45 members present at the regular monthly meeting of the Old Age Pensioners held in the IOOF Hall May 16. Mr. B. Mayne was in the chair.

After the business meeting was over Mr. T. B. Young showed lovely pictures taken on a trip to Australia, New Zealand and Hawaii with an interesting commentary on them.

Mrs. Mayne and Mrs. Porter served refreshments.

Lilac Day successful

West Summerland was humming on Tuesday as eager customers from the area flocked to town to take advantage of the many Lilac Day specials offered in the local stores.

Every store in town was decorated with a lilac theme, with blooms in the flower boxes on the main street, and hanging planters outside many stores.

The boat display by the Summerland Yacht Club attracted a great amount of attention, with many boating enthusiasts clustered around the sleek models.

After a cloudy morning the weather turned warm in the afternoon.

Mr. Ken Heales, chairman of the Retail Merchants Assoc. told the Review that the merchants were well pleased by the large number of visitors to town for the first Lilac Day. "I would like to thank all those who donated lilac blossoms," Mr. Heales said, "and also the Summerland Yacht Club for its interesting and attractive boat display."

Must have gun permits

Corporal Larry Martin of the local RCMP reminds parents that a BB gun is considered an offensive weapon under the criminal code. Young people under the age of 18 cannot use a BB gun off their parents' property.

Under the age of 18 years, in order to obtain a firearm permit parental consent must be given and the gun carried only under supervision.

Coffee party for writers in Penticton

The Okanagan Writers' Group is preparing for its second annual coffee party to be held May 31st in the Penticton Regional Library at 8 p.m.

The first coffee party held last year created so much interest that the Writers' Group was asked to make it an annual event. Okanagan writers of fiction, articles and prose of all kind, and poetry and all those interested in writing, are cordially invited to attend. These parties are given in order that Okanagan writers may get to know each other and the work done in the Okanagan Valley.

A display of work will be set up. This proved a very interesting feature of last year's coffee party. It is hoped that this meeting of Okanagan writers will help to create an interest in the course on creative writing to be given by the well known author W. O. Mitchell in the Okanagan Summer School of the Arts to be held in Penticton in July.

E. H. Bennett received a cheque for \$300 from the Summerland Scandinavian Club last week for the furnishing of a room in Parkdale Place. The cheque was presented by Mrs. Lloyd Shannon (right) president of the club, and Mrs. Junius Johnson treasurer. The Scandinavian Club was organized in 1954 and has been saving money derived from catering and its annual Christmas Smorgasbord for the past two years, in order to furnish a room in Parkdale Place. The presentation was made in the tea room of the senior citizens home with both ladies wearing authentic Swedish dress. Mrs. Johnson's outfit is over 60 years old.

Hospital Society receives donations

At the board of directors meeting of the Summerland Hospital Society Tuesday night it was announced that the hospital has recently received two cash donations.

The estate of a recently deceased Summerland old timer gave a \$500 legacy to the general hospital.

President Linda Betuzzi, on behalf of the Senior Girls Service Club of the Summerland High School, presented Mrs. J. R. Butler, matron, with a cheque for \$50. The money is to be used to buy nursery scales and a ward chair. The Senior Girls Service Club consists of forty girls in grades 10 to 12 in the high school.

Hospital board president, R. Alstead expressed appreciation

Progress on road signs

Councillor H. J. Barkwill told the regular monthly dinner meeting of the Chamber of Commerce last Thursday that a map is now on display at the municipal hall with road names marked in as suggested by a committee which has been working on it for some time. Some names have been changed and others have been added.

He invited residents to go in and look at the map and, if they have any objections or suggestions to put them in writing to the council. The Chamber of Commerce asked council earlier this year to investigate the putting up of road signs in Summerland. Naming of the streets is one of the first steps needed.

for these two fine gestures

The contract for the painting of the outside of the nurses' residence was awarded to Mel Cousins.

Scouts off to Camporee

An excellent troop turnout on Monday enabled final plans for the Camporee to be completed. Three patrols, Hawks, Buffaloes and Eagles are going with 6 or 7 boys each. Boys are reminded that the troop will leave the Youth Centre Friday, May 19 at 9:00 a.m. Dress is full uniform with extra sweater or windbreaker in case the day is cool. Boys should take a change of socks and shoes and everyday pants and shirt for off-duty periods.

District Scoutmaster G. M. Blewett attended the meeting to demonstrate the proper method of tying a pack to a pack board. About 22 feet of awning or nylon cord is desirable for this purpose which is available at local hardware stores.

The Buffalo patrol was awarded the winter patrol competition prize, a first aid kit. After being out of the troop a year Jim Munn's application for re-admission was approved and he is posted to the Buffalo patrol.

Any boys having questions re the camporee should get in touch with their patrol leader or the scoutmaster. Return trip from the camporee will be on Sunday at 2 p.m. All boys must pay their patrol leader for food supplies before leaving on the trip.

Education program postponed until fall

Difficulties in financing is the reason given by the department of education for not endorsing the continuing education program proposed by the Summerland high school.

The continuing education course proposed for Summerland high school to commence immediately has been cancelled until September.

At the moment 51 persons have indicated they wish to take part in the program and the night school committee will continue working toward a solution of the financial problem.

Directives have been sent to high schools in British Columbia regarding the continuing education courses and it is reported that a good deal of interest has been stirred up all over the province.

In the meantime, night school director W. R. Chalmers is continuing to contact interested persons in order to line up a complete program for the fall.

NO GRADE 13 HERE

Grade 13 will not be offered in Summerland high school in 1961-62 because of insufficient registration.

Registration forms for senior matriculation at Penticton high school are now available at the Summerland high school office. Penticton principal H. D. Pritchard has advised that fees for the 1961-62 term will probably be \$175.

Rifle Club elects officers

The Summerland Rifle Club will again be under the leadership of Harold Richardson who was returned as president at the annual meeting held on Tuesday evening at the home of P. S. Dunsdon. Other officers elected were: honorary presidents, Pop Dunsdon and Ed Gould; vice-president, H. Simpson; secretary treasurer, Art Dunsdon; executive members: A. Kalinin, R. Bertram, R. Maddocks, G. Dunsdon and P. Dunsdon. Range captains are Harold Richardson and Ray Maddocks with Art Dunsdon as recorder of scores and George Dunsdon in charge of ammunition and equipment.

The annual invitation shoot will be held July 30, and the local club trophy shoot Aug. 6.

Some vandalism was reported by Harold Richardson. He found the lock on the target house had been forced and the door of the cabin was broken. This column has pointed out many times that such destruction can accomplish nothing, as there is nothing of value to anyone but rifle shooters in either the target house or the cabin. Ammunition is never stored at the range. Again, let us repeat, the range is private property, and anyone caught doing damage will be prosecuted.

A work party is being organized to put the range in good condition and regular practices will be starting very soon. Anyone interested is asked to contact any member of the club for details of membership, and please note, rifles are always available at the range.

ADDRESSES C OF C

Guest speaker at last week's Chamber of Commerce meeting was J. Russell Baxter, town planner from Penticton.

Speaking on tourism in Summerland he said the area should determine the type of tourist we want, and then provide the best service possible. Mr. Baxter said an attractive entrance to town was a necessity but that careful thought should be given to the type of entrance wanted. It should be something different from any other community, he said.

"Ride a cock-horse to Banbury Cross" says the old nursery rhyme — well, this is Banbury Cross at Banbury, about 60 miles northwest of London, England. The rhyme dates back to the 16th century when a cock-horse or spare trace horse, was taken to the crossroads hill at Banbury to help pull loads to market. The cross is a Queen Eleanor Cross, erected by King Edward I to mark a spot where her body rested on its journey to London.

Library Report

by Kay Dunsdon

Vance Packard came into national prominence in 1957, with his "Hidden Persuaders" a study of motivation in business of buying and selling. His second book, the "Status Seekers", was also a controversial book on American class consciousness.

In his continuing study of American society he once again has given us a disturbing book "The Waste Makers", a startling story of planned obsolescence, brought about by the capacity of our productive systems to produce more goods than we need.

In contrast, we have the light hearted and amusing story of "Cats in Cahoots" by Doreen Tovey, the hilarious deeds and misdeeds of Sheba and Solomon, two capricious Siamese cats and their companion, a squirrel, with a weakness for brandy and furniture polish!

"The Governor's Lady" by Thomas Raddall, is a stirring biographical tale of life in early America during Revolutionary times. The governor's lady yearned for power, money and the prestige of a title, which she achieves through political juggling and intrigue. A very good book and recent best seller.

Our new art display in the library is by Zeljko Kujundzic, a native of Yugoslavia but now a naturalized Britisher. He has had a brilliant art career in his homeland, studied on scholarship in Budapest and other European art centers.

During the last war he was in forced labor camps, escaped, worked for the underground and finally made his way to Scotland. He taught in Edinburgh and three years ago came to Nelson where he teaches art in Nelson School of Fine Arts. His exhibition in the Vancouver Gallery has been held over for another month.

Most of his paintings here are based on his study of the Kootenai Indian. Art critics in Vancouver claim he is the first interpreter of British Columbia Indian life since Emily Carr. We invite you to come and see these paintings during library hours.

Hi-C convention held at Naramata

Eleven young folks from Summerland attended the Kamloops-Okanagan Presbytery Hi-C rally held at the Naramata Youth Training School May 12-14.

Ariel Spencers, Micki Jomori, Ann McLachlan, Vicki McKee, John Grazley and Jim Munn were driven over on Friday night by David Munn.

Sharon Harbicht, Gloria Tilbe, Morren Clifford and Alan Hardie all participants in Friday night's band concert, went over Saturday morning at 7:30. David Woolliams also attended the rally, and drove this carload over and back. Bob Hardie provided transportation home for the other six.

These young people are very grateful for the financial support of the WA and the Men's Club of Summerland United Church, which enabled them to enjoy such a wonderful week end. They were provided with lots to do and lots to think about, as well as the opportunity to meet and talk with other young Christians from all parts of the province.

The girls attended the WA general meeting on Monday evening to extend their personal thanks to the ladies, and the boys will convey their thanks to the Men's Club at its meeting on Thursday evening.

The group from Summerland was responsible for a panel discussion on "What is the purpose of Hi-C?" David Woolliams led the panel, and other ten members gave their ideas, as well as answering questions from the audience. No other group was given an assignment of this nature.

Other Hi-C groups provided camp fire programs. Rev. Bob McLaren told the story of the training school; Rev. Roy Stobie took charge of Vespers and Bible Study, and Rev. Bob Wallace, speaking on the theme, "Jesus Christ is Lord" made a very favorable impression on the young listeners.

(1) Including room and board.

(2) Without board and room.

Mark envelope "Application Parkdale Place Staff".

G. D. SMITH,
Municipal Clerk.

Editorials

Lilac Day successful

Despite a cloudy day Summerland's first Lilac Day seemed an unqualified success. The bright displays and bargains offered by local stores, the lilac-bloom decorated flower boxes, and the Yacht Club boat display drew favorable comments from the many shoppers in town on Tuesday. It appears that co-ordinated advertising efforts and a little planning can create an eye-catching scene without too many long hours of preparation.

An annual event such as Lilac Day or Lilac Days, should prove that local stores offer as much in bargains and services as any other town in this area.

May is Safety Month

With summer just around the corner, what better time is there to make a special point of car safety. National Safety Week which is held each year throughout the month of May, deserves everyone's support. The British Columbia Automobile Association reports that 81 per cent of all traffic accidents occur in fair weather, and 71 per cent of all mishaps happen on dry roads.

Because of the mounting toll of deaths and injuries on our highways, we fully endorse the object of the May Nation-wide Safety Drive to have every car safely-checked.

OF COURSE IT'S SPRING! THE HUMANS ARE LOOSE!

Family swirled into life

by Rev. Lyle Kennedy

Travelling by car at night, a family of four was caught in a cloudburst which swept the vehicle from the road. Husband and wife each seized a child, clambered through the car window, and were swept by the torrent into and through a railroad culvert.

"That was the most brutal force I ever experienced," said the husband, an engineer. "We were tumbling end over end under water, banging against the side, then spewed out on the other side. We did not know if we were alive or dead, or where we were." The force of the water shot the wife in to a shallow place where she caught their little son as he floated past. Then she climbed an embankment. The husband clung with one hand to a low-swinging branch of a tree, caught their small daughter with the other, and was rescued by another motorist just as the tree was washed away.

Later the family returned to the spot. "We could not believe it," said the husband. "All

the water was gone and there was a tiny stream running through the culvert. It was like waking from a nightmare. We

stopped right there for the first family prayer we ever had."

As for me and my house, we will serve the Lord." Josh 24:15.

Theosophical society to meet in Penticton

The Canadian Federation of Lodges of the Theosophical Society is holding its annual convention at the Prince Charles Motor Inn, Penticton May 20-22.

The Theosophical Society is a world wide organization with its headquarters at Madras, India. The Society has three declared objects, namely: to form a nucleus of the Universal Brotherhood of Humanity without distinction of race, creed, sex, caste or color; to encourage the study of comparative religion, philosophy and science; and to investigate the unexplained laws of nature, and the Powers latent in Man. It is a non-sectarian body, and approval of these three objects is the sole condi-

tion of membership, and anyone willing to subscribe to them is welcomed as a member.

The program of this convention includes a public lecture on Sunday, May 21, at 8 p.m., in the Heather Room of the Prince Charles Motor Inn. This will be given by Mr. John Barnes, a member of the Society and editor of the Canadian Federation Magazine. His lecture is entitled "Explorations in Theosophy." Anyone who is interested in hearing about the principles of Theosophy is cordially invited to this lecture.

There is a Lodge of this Society with headquarters in Summerland. Its address is P. O. Box 64, Summerland.

Letter to Editor

The Editor,

The Summerland Review.

Dear Sir:

In a recent issue of one of our popular Canadian magazines there is an article concerning Sir Sam Hughes, who was Minister of Militia at the outbreak of the war of 1914-1918.

This article is appreciative of, and also critical of, his activities in the office he held. In spite of his eccentricities there are many of us who served in the Militia and Overseas Forces at that time, can look back and think of the preparations he had made and enthusiasm he installed, in what proved to be a creditable contribution to the winning of that war.

As an example he had authorized the building of Armories for the Militia in a number of localities throughout the country, one of which completed in Port Arthur in 1913, in which city I was living at the time.

This Armory, occupied by the 96th Lake Superior Regiment, was the centre of recruiting from Kenora and Fort Francis in the west to White River on the East, from which a number of men went to the 8th Battalion, Winnipeg; a company to the 28th Batt., Regina; the 52nd Batt. to the 4th Division in France, the 94th Battalion and 144th Battalion to England, which reinforced units in France. This effort would not have been possible had there not been provided the facilities and organization.

Sir Sam visited Port Arthur in the spring of 1915 and at a dinner in the Prince Arthur Hotel at which he addressed the officers of the 52nd Battalion and the 96th Regiment. I have always remembered a quotation he made at the time. In the course of his remarks in which he said our career would not all be glamour and glory, he quoted:

"God and the soldier is the cry, But when war is over, and wrongs are righted, God is forgotten, and the soldier slighted."

J. E. Jenkinson.

Comings and Goings

Mrs. Pete Cruise, White Rock, was a week end visitor at the home of Mr. and Mrs. Carl Dietrich.

Toni Onley, son of Mr. and Mrs. Jim Onley of Summerland, has been chosen as one of the seven artists to represent Canada in Paris in September.

Mrs. E. Hack has returned from visiting her son in Vancouver.

Mrs. C. Adams has Miss De-Ceoulener of Winnipeg as a guest.

Mr. and Mrs. W. Rothwell of Trout Creek have returned from Missouri, where they attended the funeral of Mr. Rothwell's brother.

Mrs. J. V. Hughes of Vancouver is visiting Mrs. W. Brown of Parkdale.

Mr. and Mrs. Frank Nicholls spent a week end in Vernon and Kamloops and came back via Merritt.

Constable Ernie Best of the local RCMP detachment and his new bride are holidaying in Banff and points east.

Mrs. Lou Rowan of North Vancouver is visiting at the home of Mrs. E. C. Bingham.

Mrs. Dave Turnbull, former resident, is in Summerland for a few weeks renewing old acquaintances.

Mr. and Mrs. Jim Brown and Mr. and Mrs. Howard are holidaying on the Oregon coast.

Mrs. F. E. Gibbs of Rochester, England has arrived in Summerland to reside with her brother and sister in law, Mr. and Mrs. W. F. Woodbridge. She came over on the maiden voyage of the Empress of Canada.

Miss Marilyn Embree, nurse-in-training at the Royal Columbian Hospital, New Westminster is visiting her mother, Mrs. Mark Embree.

Miss Doreen Tait, Mrs. C. D. Meadows, Magnus Tait and Don Tait have returned from a trip to Pavilion Lake and other points in the Fraser Canyon.

Miss Muriel Weitzel visited with her brother and family in Vernon recently.

Mr. and Mrs. Max Johnston and family visited Mrs. W. R. Powell and Mr. and Mrs. R. A. Johnston recently.

Mr. and Mrs. H. Dempster have as guests, Mr. and Mrs. Reichel of Vancouver.

Mr. and Mrs. John McPhail are home from a visit to Vancouver.

Mr. and Mrs. Hamling of Lethbridge are visiting Mr. and Mrs. Tom McDonald and Mr. and Mrs. George Henry.

Mrs. Vi Turnbull of Victoria is visiting her parents, Mr. and Mrs. Frank Plunkett and will attend the Theosophical convention in Penticton while here.

Mr. and Mrs. George Smith of Armstrong visited Mr. and Mrs. O. Morphy and Mrs. George Inglis over the week end.

The Misses Florence and Eva Howden have returned to their residence on Trout Creek point. They have as a guest their sister, Mrs. Wm. Scott of Chicago.

Ms. Fred Kay and Bruce of Penticton visited Mrs. W. R. Powell on Friday.

The Penticton Women's Institute has invited the Summerland group to attend a garden party at the home of Mrs. G. Brock, 861 Argyle St., on Wednesday, June 7 at 3 p.m.

Ms. W. B. Baile of Vernon visited Mrs. J. Y. Towgood last week.

Mr. and Mrs. Harvey Edon and Mr. and Mrs. Greenloes are holidaying in Regina.

**Invitation extended to
Open House on Wednesday**

The Summerland School Board has issued an invitation to all Summerland residents to visit and inspect the newly-constructed MacDonald School Addition on Wednesday, May 24 from 2 to 5 p.m. Refreshments will be served.

The five new classrooms bring the total up to 17 to accommodate the 540 students enrolled.

Classes in the addition will be dismissed at 2 p.m. so that the visitors may view the offices, activity room and all the classrooms in the new building.

Grade six girls will provide a baby sitting service for children between the ages of two and five in the basement playroom.

The building has been occupied in its entirety since Easter but May 24 will see its official debut.

The building was constructed by Ollen and Webber, contractors from Penticton. Mr. J. H. Wilson, of the Department of Education was in charge of plans and supervision.

Parents and visitors will be impressed with the new classrooms. Simplicity of design, utilization of space, heavy ceiling beams and a delightful color scheme go together to create a pleasant, light atmosphere.

The five large classrooms will accommodate approximately 170 students. Each room has an entire wall of window space, al-

lowing for a maximum of natural lighting. The color scheme is in tune with the general picture, with soft shades of pink and pale green.

The spacious halls are finished in butternut wood with green ceilings and cream floor tiling. A bright note are the classroom doors painted a flame color.

The combination activity room

and auditorium will be appreciated by both the students and teachers. Two storage rooms and a kitchen adjoin.

The latest in fluorescent lighting is used and the school is heated by natural gas.

Additional play room is added by the canopy arrangement between the original school and the new addition.

**MacDonald School
built in 1922**

The first construction work on what is now MacDonald Elementary School was done in 1922. At that time the present brick structure was built with extensive renovations in 1948.

The original contractor was Thomas Carson, who constructed some 60 schools throughout B.C. The entire project, costing \$34,987 was completed in two months. Some of the modern innovations for that day were a lighting system controlled from the boiler room, keys to turn on the hall lights, and a horn to call the children in from play. The building was occupied in October 1922.

About 300 students were registered in 1922, and there were eight teachers on the staff. S. A. MacDonald, now retired, was principal. The building was cal-

led the Summerland Central School.

Members of the school board at that time, still living in West Summerland were Mr. Fred Gartrell and Mr. Tom Garnett.

In September of 1948 the first move toward renovation of the elementary school was made. Classrooms were overcrowded with extra space in the United and Anglican church halls being utilized.

P. G. Dodwell was chairman of trustees at that time. Bennet and White were contractors with construction costs estimated at \$88,494. The entire school was renovated and four new class rooms were added. The basement rooms were used by the high school until the present junior-senior high school was constructed.

This Week in your Orchard

by Alec Watt

Trees Budded Last Summer Should Be Checked Now!

Each August many thousands of buds are placed in fruit trees for the purpose of changing varieties over or in working hardy framework apples to the commercially acceptable varieties.

If you did some budding last summer, now is the time to make an inspection of the buds to insure that they will grow

Square 'em up

Sixteen squares of dancers attended the Okanagan Square Dance Association party in the Youth Centre last Friday.

A good representation from all square dance clubs was on hand. Several teen aged callers from Bridesville, as well as adult callers who attended, gave the dancers lots of variety. Lady delegates to the Association served the refreshments at the conclusion of dancing.

Chuck Inglis called to over fourteen squares of dancers at the Wheel 'N' Stars party in the new Elks Hall in Penticton on Saturday, "Myrtle", that sad sack from Omak, who was spirited away from Omak by the Peachland teen agers, and then disappeared at Peachland's party with one of the Wheel 'N' Stars members, showed up at Saturday night's dance. Being a little ashamed of her actions she spent the evening in the check room, until Ron Campbell finally persuaded her to come out and meet the folks. While everyone's attention was on Myrtle, the attractive new banner belonging to the Wheel 'N' Stars, disappeared from the wall. We don't know who dunnit, but we have a feeling it will be on display at the Totem Twirlers' next dance!

Westside Squares had Ernie Funk to emcee their dance on May 13 with over twelve squares of enthusiastic dancers on hand. Ernie and his wife brought along their 6 weeks old baby, who slept in her basket all through the proceedings. Probably she will cut her teeth on a square dance mike!

This coming week end, dancers are heading north to Kamloops for the big jamboree up there emceed by Arnie Krowenberger of California. There is also a square dance festival in Missoula Montana, with Lee Helsel emcee, and the Washington State Festival at Richland for dancers who prefer to go south.

into strong new shoots. The next two months will be critical, as far as these buds are concerned. Close care and attention during this period will pay big dividends in bringing your new trees along quickly. Here is what to do in caring for buds:

1. First of all the bud locations should be clearly marked. A daub of red or yellow paint or a strip of cloth tied on will help you find the buds each time you make a check of them.

2. If this has not already been done, the old branch on which the bud was placed should be cut back to a point about one inch above the bud. A really sharp pair of snips or a sharp knife should be used to avoid damaging the bark.

3. Side shoots of the old variety will tend to crowd the new bud. These should be pinched back as they appear. This will give the buds you put in a chance to grow free from competition.

4. The rubber bands around each bud should be checked. These are supposed to perish but every now and then one fails to rot away and starts to strangle the branch. When this happens cut the rubber band with a sharp knife taking care not to injure the bud.

5. Last but not least aphids must be kept under control. Severe infestations of aphids can cripple the growing buds and hold them back so that the stronger shoots from the old variety will take over. Spray as soon as aphids appear. The Spray Calendar gives directions.

Trainers Clinic at school

Roy F. Cavallin, president of the B.C. Trainers' Athletic Association, will give a Trainers Clinic in the West Summerland High School on Saturday, May 27th, beginning at 10 a.m.

All trainers and coaches throughout the Okanagan are invited to participate in this clinic. Instruction will be on the prevention and treatment of injuries. The course is applicable to trainers and coaches of all types of sports.

The Clinic is being sponsored by the West Summerland Recreation Commission and is free to all participants.

Information concerning the clinic may be had by phoning John Keys, at HY4-4921.

Thursday, May 18 Summerland Babe Ruth will play Penticton Western Farms team at Living Memorial Park on highway 97. Monday, May 22, Summerland will play in Penticton against Love's Lunch.

SPORTS

These are the men who will be leading Canada's representatives to the World Hockey championships next season. Champagne flows from the Allan Cup, symbol of Canadian senior hockey championship as the Galt Terriers celebrated. Sipping is goalie Boat Hurley. Wine steward is forward Butch Martin.

Two more wins for Juniors Sunday

The Summerland Junior Red Sox continued their winning streak on Sunday in the local ball park by sweeping both ends of a double header from the Kamloops Juniors. Both games were hard fought and one run decided both.

In the first game Kamloops took a 1-0 lead in the second on a triple by Letcher and a fielder's choice. Summerland had a big inning in the fifth as they pushed across five big runs and then held on to win as Kamloops came close with three in the sixth. The final score, 5-4, with Thompson the winning pitcher and Davoren the loser.

The second game scheduled for seven innings went eleven before the Red Sox came out on top 4-3.

Kamloops got three in the third and Summerland one in the third, one more in the fourth and tied it up in the fifth. From then on it was a pitcher's battle with both sides threatening but unable to score until Skinner got on on an error in the 11th, stole second and scored on rookie Bob Mortimer's single with two out, to win the ball game. Skinner came on in relief of Jim Sheeley in the third to take the win with Uyoda being charged with the loss.

1st Game

Pre-Natal Budgeting Cuts Baby's Fiscal Impact

It's a happy home when a new baby is on the way, and the parents-to-be are happier than ever when the extra costs involved are taken care of.

Mr. Jock Johnston, manager of the Summerland branch of the Bank of Montreal, suggests that many Canadian couples about to have their first child often don't realize just how costly parenthood can be. Medical bills for Mom, the baby's layette, the furnishings for his room, and baby food are all expensive items.

That's why Mr. Johnston suggests it's a sound idea to plan ahead financially for your Great Expectations. Why not plan a B of M Stork Savings Account? Simply work out an estimate of the costs involved, divide the amount you'll need to save by the number of months remaining and deposit that amount in your B of M Stork Savings Account regularly each month.

Your local B of M has a useful folder on the subject called "Paying for your new baby". Why not drop in and pick up a copy, or, if you wish, phone Mr. Johnston, who will be glad to mail you one on request.

Tieing packages shown at WI

At the May meeting of the Women's Institute in the Parish Hall, in the absence of the president, Mrs. W. Rothwell, business was conducted with the vice president, Mrs. O. E. Mortimer in the chair. Secretary Mrs. O. Rumball announced that paid-up memberships had now reached 58 which makes this the largest Institute in the district, and probably in the province. Balance in the treasury is \$185.39.

From Tappan Institute came thanks for greetings and the peach blossoms taken them on behalf of the local organization by Mrs. Gordon McArthur on the occasion of their fortieth anniversary. The letter stated that some of the Tappan members had never seen peach bloom.

Bringing gleanings from the WI Rally in Naramata on May 2, delegate Mrs. Mortimer said that Summerland Institute had successfully carried out its assigned task of registration and that 14 of its members had attended the session.

In committee reports period, Mrs. H. B. Mair of Home Economics read a communication from Mrs. Bert Showler to the

effect that lack of storage accommodation has made it necessary to close the Unitarian Services Centre in Kelowna. Mrs. White then offered to take further local donations at Macil's store until June 1. Especially needed are towels, soap, baby pins and baby shirts.

Mrs. E. Tait for Agriculture gave advice from professional gardeners listing causes of failure to germinate plants as being too eager to plant before proper soil preparation, sewing seed too thickly and too deeply.

For citizenship, Mrs. S. A. McDonald reported that Hall-oween collections of \$300 had gone to United Nations for the children's fund but that this represented only three days expenditures.

Mrs. Gordon Ritchie asked members to attend a sewing afternoon at her home on May 31 and announced a work party and tea to be at Mrs. Collas' home in June.

Mrs. Ivar Nilson who was delegate to the CNIB annual meeting reported that there are 6 registered blind in Summerland and 281 in the local district.

Mrs. Rumball advised that a quantity of bedding had been donated for Parkdale Place.

Authority was given to the home economics committee to have inscribed on the new Christine Elizabeth Orr Copper Bowl, the name of the winner from Grade II, and to choose a suitable personal gift to go with it.

Attention was drawn to a fruit canning competition sponsored by Tree Fruits, with very substantial cash prizes.

"Learning to tie pretty packages is interesting, imaginative and creative", was the way the guest speaker, Mrs. W. Durick introduced an interesting demonstration. With tissue and a variety of sizes of ribbons she showed how attractively wrapped parcels could be elaborately decorated for personal delivery or more simply for mailing. Mrs. McDonald thanked the speaker who was heartily applauded.

The June meeting is to be held at Mrs. Rumball's summer home at Trout Creek with the Agricultural Committee under Mrs. Eric Tait and Mrs. A. Inch in charge of a plant exchange. The Institutes' annual variety sale has been set for Oct. 21.

Adjournment was moved by Mrs. F. Nicholls and tea hostesses were Mrs. Mair, Mrs. McDonald and Mrs. Nilson.

Kiwanis Club Notes

On Tuesday evening the club was treated to a forceful talk on the evils of alcoholism. The speaker was Mr. H. C. Huggins, director of education of the alcoholism foundation of B.C., ably aided and supported by the Rev. L. M. McFerran. Mr. Huggins cited statistics that show that in seven years, 42,000 patients have been treated and a conservative estimate is that there are some 2,200 problem cases at the present time. He further stated that the damage done by alcoholics is in the neighbourhood of \$85,000,000 per year and is the 3rd, or 4th ranging public health problem, and the problem is growing in size. He drew an all embracing picture of the problem and his talk led to a lively question period at the end. He was introduced in noble style by our very own Scottie Ritchie, and thanked by Dr. Jack Ratzlaff.

Owing to the long and interesting talk, no business was done but a directors meeting was held at the president's house after the meeting.

SMALL TALK

By Syms

"Do you want this broom wrapped?" "No thanks . . . I'll ride it home . . ."

Mrs. G. Washington receives Life Membership Pin

The quarterly general meeting of the Summerland United Church WA was held Monday, May 15 in the church hall with president Mrs. W. Durick in the chair.

The meeting opened with roll call and devotional by Mrs. J. Sheeley, using as her theme, "service". Two selections by the Melodiers were enjoyed, the first being "Through The Years" sung as a tribute to Mrs. George Washington, who has moved to Penticton to reside and was presented at this meeting with a Life Membership Pin. Mrs. Durick, who made the presentation on behalf of the WA, thanked Mrs. Washington for her contribution of time and talent to this organization through the years.

Mrs. J. C. Wilcox gave an interesting and informative talk on the new organization which comes into being in the new year, uniting the WMS and WA into one group, the "United Church Women". Mrs. Wilcox explained the function of the women's work in the church as related to the work of the church itself, starting with the local group of Circles on to Presbytery, then to Provincial or District Conference of United Church Women and up to the General Council, which meets every two years in various parts of Canada.

Rev. Louie was present to answer any questions the members might wish to ask about the women's work in the church. The meeting concluded with refreshments served by the members of the Century Circle.

ATTENTION — No sportsman can afford to be without Public Liability Insurance for \$2.00, which includes membership in the Summerland Rod and Gun Club.

3 Bedroom Home

A comfortable 3 bedroom home, ideally situated on 10 acres of orchard. Owner would accept a small, clear title home as part payment. A good deal for \$8,500.

Retirement Home

A fine retirement home, one bedroom, living room, dining room, nice kitchen with natural gas range and garbage burner, bathroom and vegetable room. Clean as a pin, natural gas heat. A roomy lot 60x125, nicely landscaped lawn with shrubs. Garage. Priced at \$6,500, with \$2,000 cash.
